Dear President,  
Dear Secretary General,

### **Welcome for the 4<sup>th</sup> ICF Canoe Slalom World Cup event**

The La Seu d'Urgell Organizing Committee, together with the partners in London, Ljubljana, Prague and Augsburg, have a new challenge to improve the events in a homologated format under the guidance of ICF. The issue is to support the sport in a fair and sophisticated competition, and promote the values of canoe slalom. In addition there is intention to diffuse the tourist interest of this Pyrenean area, marked by nature and history.

We hope that all team members and visitors could feel our friendly hospitality anywhere on their stay in the city.

Our organization is possible for our volunteers dedicated people, which help the event the best that they can. Thanks all of them.

Thanks to Institutional partners and sponsors that permit to continue this service to the sport.

On behalf of them and our organizing committee I wish you all a nice stay in La Seu d'Urgell.

## Facts about La Seu d'Urgell

The historic city of La Seu d'Urgell, on the Catalan Pyrenees, has a tradition of over 40 years organizing white water canoe competition events. The Olympic games of Barcelona 1992 was a landmark on this support of canoe slalom.

Later those memorable days that permitted slalom to be accepted on the Olympic programme, several World Cup events and the World Championships 1999 and 2009 endorse the facilities on Parc Olímpic del Segre and the organizing team. This year 2014 is the 50<sup>th</sup> anniversary of the canoe club CADÍ.

The **2014 Canoe Slalom World Cup, to be held from 1<sup>st</sup> to 3<sup>th</sup> of August**, is a new opportunity to give service to the slalom canoe family.

The challenge aims to improve technology on sport competitions, presence on media (especially TV), and worldwide promotion of canoe slalom through the participation over 40 national teams, and attract tourism in La Seu d'Urgell. The history on the old town, the mountain valley around Cadí-Moixeró Natural Park, and the local dedication to sport should be known.

In addition this occasion will keep active and financially healthy the Olympic facility of Park del Segre.

The World Cup are possible thanks to the support of institutions and sponsorships. On behalf of the organizing Committee we thank their help.

We trust on the contribution of the participant teams and we are ready to work for a fair competition and a happy stay in our country.

On behalf of ICF, RFEP, FCP and the Organizing Committee, **welcome to the 2014 Canoe Slalom World Cup.**

## Parc Olímpic del Segre venue

The Parc Olímpic del Segre is constructed in a branch of the Segre river, which was re-channelled after the damage caused by the exceptional flood of 1982. The slalom course's specific features are as follows:

- Length: 300 m
- Drop: 6,5 m
- Flow: 12 m<sup>3</sup>/s
- Course features: concrete bottom, banks and obstacles of natural boulders
- Spectators capacity: 5.000 people

The Competition Course is accompanied by a beginners course which is 130 m long with a drop of 1,5 m. The designed flow ranges from 3 to 10 m<sup>3</sup>/s.

The design of the artificial canals includes a system of complementary canals and mechanical conveyor belts which enable canoeists to return to their starting point without having to leave their boats. The dynamic conception of the whole facilities leads to intensive use all year round and separation of paddlers according to their levels of skill and ability.

The drop in the Slalom course is created naturally via channels that branch from the Segre river, with a very gentle slope. The feeder canal, 185 in length, and mainly the flat water canal, 650 m in length and 20 m in width, are set aside for training in flat water canoeing and the necessary practice that sport lovers require in waters with a steady current.
