Differences between the ICF World Championships and the Olympic Games

The Olympic Games has 10 events.

The ICF World Championships allows for more events with a larger athlete quota. The ICF World Championships are held every year but, in the year of the Games, the events at the Olympic Games are not on the World Championships programme.

Changes since the Olympic Games Tokyo 2020

- Men's kayak single 200m and women's kayak single 200m events have been removed
- Men's Kayak Double 1000m event has been replaced by Men's Kayak Double 500m
- Men's Canoe Double 1000m event has been replaced by Men's Canoe Double 500m

Sport Rules and Procedures

Race distances

1000m, 500m and 200m (9m width lanes)

Scoring

The winning boat is the one whose bow (the tip of the boat) crosses the finish line first.

Difference between canoe and kayak

Canoes are propelled by single-bladed paddles and the athletes are usually in a high-kneeling position in the boat (kneeling on one knee). As canoes have no rudder, the boat must be steered by means of the paddle in the athlete's hands. Considerable practice is required to master this technique. Canoes may be entirely open or be partly covered by a front and after deck. The minimum length of the opening shall be 280cm.

The kayak is a covered craft with a cockpit in which the athlete usually sits. They are propelled by double-bladed paddles while the athlete uses a foot operated rudder system to steer the craft. The rudder must be placed under the hull of the boat. For K2 and K4, the steering mechanism is placed in the front cockpit and can only be manipulated by the front athlete.

Team member changes

Team members cannot be changed once the competition has started, except in case of illness or injury.

Exclusion

A boat arriving after the start time, or which did not compete at all during an event, will be excluded for the rest of the Olympic Games. A boat causing two false starts will be disqualified from the event concerned. A boat breaking the 5m rule or racing with a boat which does not comply with the rules, may be disqualified from the event concerned by the Competition Committee. (There are other possible situations which can lead to disqualifications (underweight boats, illegal advertising, etc.)

Best times

There are no records in canoe sprint because of course differences and conditions. The ICF maintains a list of world and Olympic best times.

Tie Break Rules

If a dead heat between boats occurs in a heat, quarterfinal or semifinal for a position that qualifies the boat for the next round, all tied boats will qualify if there are enough available lanes in the next round, including the additional "0" lane. If there are not sufficient lanes available in the next round, a minimum of one hour after the last race of that event in the

Format et règlement des compétitions

As of MON 15 JUL 2024

session, a re-race may be organised for tied places. If a dead heat occurs in a Final and the tied placing is for a medal position, additional medals will be awarded.

Penalties / Disqualification Rules

The Competition Committee may impose the following penalties on competitors: Warning, disqualification and exclusion.

Protests / Appeals

A boat can protest the decision of the Competition Committee or the starter within 20 minutes of the finish of a race. They may appeal to the jury within the next 20 minutes if they do not agree with the decision of the Competition Committee.

Item: 1

Inclusion of additional athlete in Semifinal

Summary:

Revision of Men's Kayak Single 1000m Semifinals' start list

Details:

The athlete PETERS Artuur, Belgium, was impeded by an obstruction on the course during his Quarterfinal. At the time that he was obstructed, he was in first place. Pursuant to rule 7.3.1, the Chief Official has exercised his discretion to include this athlete in a spare lane in the Semifinals.

Issued by: Chief Official, IF Delegate

Pre-Competition Boat Control and Athlete Headshot Schedule

Summary:

Schedules for mandatory pre competition boat control procedures and athlete headshots

Details:

Pre Competition Boat Control:

Attached is a schedule for mandatory pre competition boat control procedures. Please arrive with your boats to the boat control area for the start of the time slot.

All boat stickers, provided by Paris 2024 will be available at the boat control area. You will not need to pick up stickers in advance. Officials will place all stickers on team boats. After you complete pre competition boat control procedures, you will receive paddle stickers to place on your paddles yourself.

You will also receive replacement stickers for all boat stickers in the case of damage or a change of boat.

Official boat control is located in the Canoe Day village until the morning of August 4th.

From the morning of August 4th until the start of competition, official boat control will be located in the boat park.

Multiple GPS Units

Summary:

Application of two (2) GPS units allowed

Details:

Following a global review of the issue, we have received confirmation that it is safe to have two (2) GPS units on a boat, provided they are separated by a minimum of 50 cm.

Furthermore:

- The OMEGA GPS will be used only for SPP (e.g., intermediate timing, videoboard animation).
This GPS will not be part of judging or final ranking decisions.
- The NOC GPS will only be used for performance analysis purposes.

For NOCs to use a GPS, you will be required to complete a form. This form is available at the sports information desk and must be submitted by 18:00 CET 5 August 2024.

We remain at your disposal for any further information.
